RE: Boil Water Advisory LIFTED - BEACHBURG

Whitewater Region, Ontario – February 9, 2017 – The Township of Whitewater Region and Renfrew County and District Health Unit wish to notify the public that the Precautionary Boil Water Advisory that was issued to users of the Beachburg Water System has been lifted.

Users of the water supply in the affected area are no longer required to boil their **drinking water**. Residents and businesses should flush their water lines for one minute before resuming normal consumption of the drinking water supply.

We thank residents for their diligence and patience.
